

19th EUROPEAN WEEK of REGIONS and CITIES

Europe's present and future: the contribution of young people to cross- border territories

Workshop by the Working Community of the Pyrenees

13 OCTOBER 2021 | 9:30 - 11 AM

We are young! We are Europe's present & future and we have our say. Almost one third of the EU-27 population is under the age of 30. Youngsters face great challenges such as unemployment, climate change or democratic and social challenges. Cross-border cooperation is in the heart of the EU and Young Citizens have interesting proposals to submit.

Join us if you want to learn more about some leading contributions of Youth to address present & future challenges of Europe in cross-border cooperation.
